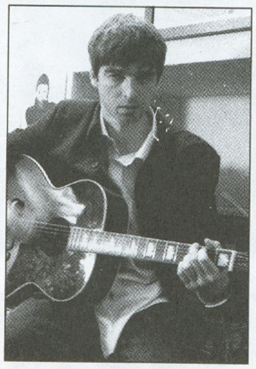
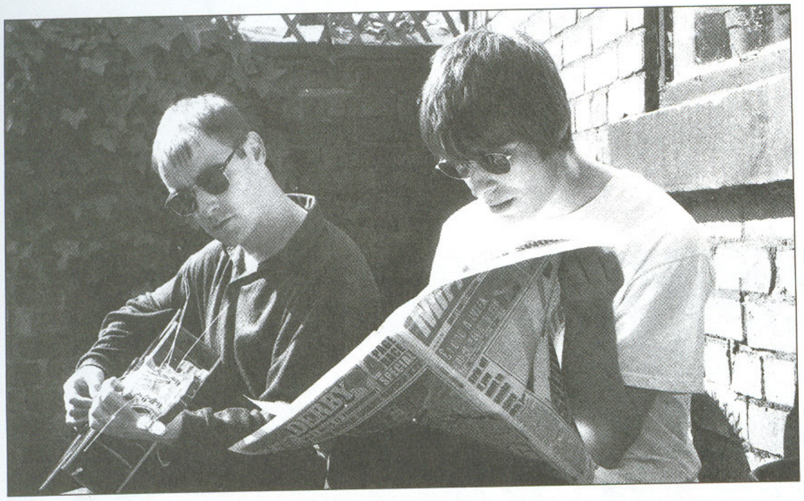
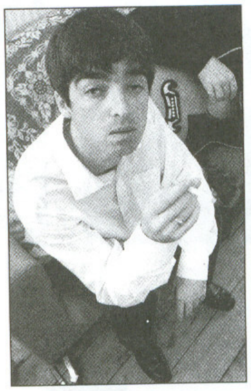
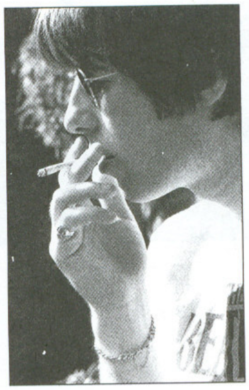
6. Notation & Tablature Explained









Supersonic

I need to be myself
I can't be no one else
I'm feeling supersonic
Give me gin and tonic
You can have it all but how much do you want it?
You make me laugh
Give me your autograph
Can I ride with you in your B.M.W.
You can sail with me in my yellow submarine

You need to find out
'Cos no one's gonna tell you what I'm on about
You need to find a way for what you want to say
But before tomorrow

'Cos my friend said he'd take you home
He sits in a corner all alone
He lives under a waterfall
Nobody can see him
Nobody can ever hear him call

You need to be yourself
You can't be no one else
I know a girl called Elsa
She's into Alka Seltzer
She sniffs it through a cane on a supersonic train
She made me laugh
I got her autograph
She's done it with a doctor on a helicopter
She's sniffin' in her tissue
Sellin' the big issue

She needs to find out
'Cos no one's gonna tell her what I'm on about
She needs to find a way for what she wants to say
But before tomorrow

'Cos my friend said he'd take you home
He sits in a corner all alone
He lives under a waterfall
Nobody can see him
Nobody can ever hear him call

Bring It On Down

What was that sound ringing around your brain?
Today was just a blur. You got a head like a ghost train
What was that sound ringing around your brain?
You're here on your own who you gonna find to blame?

You're the outcast - you're the underclass
But you don't care - Because you're living fast

You're the uninvited guest who stays 'til the end
I know you've got a problem that the devil sends
You think you're talking 'bout you but you don't know who
I'll be scraping your lie from the sole of my shoe tonight

Bring it on down bring it on down for me
You head's in a fishtank
Your body and your mind can't breathe

You're the outcast - you're the underclass
But you don't care - Because you're living fast

You're the uninvited guest who stays 'til the end
I know you've got a problem that the devil sends
You think you're talking 'bout you but you don't know who
I'll be scraping your lie from the sole of my shoe tonight

Cigarettes and Alcohol

Is it my imagination
Or have I finally found something worth living for?
I was looking for some action
But all I found was cigarettes and alcohol

You could wait for a lifetime
To spend your days in the sunshine
You might as well do the white-line
'Cos when it comes on top

You gotta make it happen!

Is it worth the aggravation
To find yourself a job when there's nothing worth working for?
It's a crazy situation
But all I need are cigarettes and alcohol!

You could wait for a lifetime
To spend your days in the sunshine
You might as well do the white-line
'Cos when it comes on top

You gotta make it happen!

Digsy's Dinner

What a life it would be
If you would come to mine for tea
I'll pick you up at half past three
And we'll have lasagne
I'll treat you like a Queen
I'll give you strawberries and cream
And then your friends will all go green
For my lasagne

These could be the best days of our lives
But I don't think we've been living very wise
Oh No! No!

What a life it would be
If you would come to mine for tea
I'll pick you up at half past three
We'll have lasagne

These could be the best days of our lives
But I don't think we've been living very wise
Oh No! No!

What a life it would be
If you would come to mine for tea
I'll pick you up at half past three
And we'll have lasagne
I'll treat you like a Queen
I'll give you strawberries and cream
And then your friends will all go green
For my lasagne

Slide away

Slide away - and give it all you've got
My today - fell in from the top
I dream of you - and all the things you say
I wonder where you are now?

Hold me down - all the world's asleep
I need you now - you've knocked me off my feet
I dream of you - we talk of growing old
But you said please don't!

Slide in baby - together we'll fly
I tried praying - and I know just what you're saying to me

Now that you're mine
We'll find a way
Of chasing the sun
Let me be the one - that shines with you
In the morning when you don't know what to do
Two of a kind
We'll find a way
To do what we've done

Let me be the one that shines with you
We can slide away

Slide away - and give it all you've got
My today - fell in from the top
I dream of you - and all the things you say
I wonder where you are now?

Slide in baby - together we'll fly
I tried praying - and I know just what you're saying to me

Now that you're mine
We'll find a way
Of chasing the sun
Let me be the one - that shines with you
In the morning when you don't know what to do
Two of a kind
We'll find a way
To do what we've done

Married with children

There's no need for you to say you're sorry
Goodbye I'm going home
I don't care no more so don't you worry
Goodbye I'm going home

I hate the way that even though you
Know you're wrong you say you're right
I hate the books you read and all your friends
Your music's shite it keeps me up all night

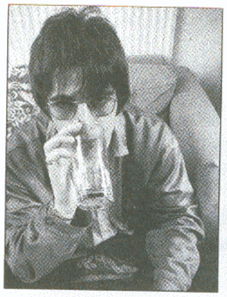
There's no need for you to say you're sorry
Goodbye I'm going home
I don't care no more so don't you worry
Goodbye I'm going home

I hate the way that you're so sarcastic
And you're not very bright
You think that everything you've done's fantastic
Your music's shite it keeps me up all night

And it will be nice to be alone
For a week or two
But I know that I will be
Right back here with you

There's no need for you to say you're sorry
Goodbye I'm going home
I don't care no more so don't you worry
Goodbye I'm going home

I hate the way that even though you
Know you're wrong you say you're right
I hate the books you read and all your friends
Your music's shite it keeps me up all night



Rock 'N' Roll Star

Live my life in the city
There's no easy way out
The day's moving just too fast for me
Need some time in the sunshine
Gotta slow it right down
The day's moving just too fast for me

I live my life for the stars that shine
People say it's just a waste of time
When they said I should just feed my head
That to me was just a day in bed
I'll take my car and I'll drive real far
To where they're not concerned about the way we are
'Cos in my mind my dreams are real
Are you concerned about the way I feel

Tonight I'm a Rock 'n' Roll star

Live my life in the city

Live my life in the city
There's no easy way out
The day's moving just too fast for me
Need some time in the sunshine
Gotta slow it right down
The day's moving just too fast for me

Tonight I'm a Rock 'n' Roll star

Shakermaker

I'd like to be somebody else and not know where I've been
I'd like to build myself a house out of plasticine
Shake along with me
I've been driving in my car with my friend Mr. Soft
Mr. Clean and Mr. Ben are living in my loft
Shake along with me!

I'm sorry but I just don't know
I know I said I told you so
But when you're happy and you're feeling fine
Then you'll know it's the right time
It's the right time
To shake along with me!

Mister Sifter sold me songs
when I was just sixteen
Now he stops at traffic lights
but only when they're green

Live Forever

Maybe I don't really want to know
How your garden grows
I just want to fly
Lately did you ever feel the pain
In the morning rain
As it soaks it to the bone

Maybe I just want to fly
I want to live I don't want to die
Maybe I just want to breathe
Maybe I just don't believe
Maybe you're the same as me
We see things they'll never see
You and I are gonna live forever

Maybe I don't really want to know
How your garden grows
I just want to fly
Lately did you ever feel the pain
In the morning rain
As it soaks it to the bone

Maybe I will never be
All the things that I want to be
But now is not the time to cry
Now's the time to find out why
I think you're the same as me
We see things they'll never see
You and I are gonna live forever
We're gonna live forever
Gonna live forever
Live forever
Forever

Up In The Sky

Hey you! Up in the sky - learning to fly - tell me how high
Do you think you'll go - before you start falling
Hey you! Up in a tree - you wanna be me - but that couldn't be
'Cos the people here they don't hear you calling
How does it feel
When you're inside me?

Hey you! Wearing the crown - making no sound - I heard you feel down
Well that's too bad - welcome to my world
hey you! Stealing the light - I heard that the shine's gone out of your life
Well that's just too bad - welcome to my world
How does it feel
When you're inside me?

You'll need assistance with the things that you -
Have never-ever seen
It's just a case of never breathing out
Before you've breathed in
How does it feel
When you're inside me?

Hey you! Up in the sky - learning to fly - tell me how high
Do you think you'll go - before you start falling
Hey you! Up in a tree - you wanna be me - but that couldn't be
'Cos the people here they don't hear you calling
How does it feel
When you're inside me?

You'll need assistance with the things that you -
Have never-ever seen
It's just a case of never breathing out
Before you've breathed in
How does it feel
When you're inside me?

Columbia

There we were now here we are
All this confusion nothing's the same to me
There we were now here we are
All this confusion nothing's the same to me

But I can't tell you the way I feel
Because the way I feel is oh so! new to me
No I can't tell you the way I feel
Because the way I feel is oh so! new to me

What I heard is not what I hear
I can see the signs but they're not very clear
What I heard is not what I hear
I can see the signs but they're not very clear

This is confusion am I confusing you?

Sad Song

Sing a sad song in a lonely place
And try to put a word in for me
It's been so long since I found a space
You'd better put in two or three
We as people are just walking round
Our heads are firmly fixed in the ground
What we don't see, well it can't be real
What we don't touch we cannot feel

Where we're living in this town
The sun is coming up and it's going down
But it's all the same at the end of the day
And we cheat and we lie
Nobody says it's wrong so we don't ask why
'Cos it's all the same at the end of the day

Are we throwing it all away?
We're throwing it all away
We're throwing it all away at the end of the day

If you're needing something I can give
I'll try and help you if I can
If you're honest and you say you did
You know that I would give you my hand
Or a sad song in a lonely place
I'll try and put a word in for you
You need a shoulder? Well if that's the case
There isn't nothing I wouldn't do

Where we're living in this town
The sun is coming up and it's going down
But it's all the same at the end of the day
And we cheat and we lie
Nobody says it's wrong so we don't ask why
'Cos it's all the same at the end of the day

Are we throwing it all away?
We're throwing it all away
We're throwing it all away at the end of the day
Nobody can ever hear him call
